

Our American Flag represents our beliefs, values and dreams...

Americans, regardless of ethnicity, creed or religion, should produce the materials and provide the processes and labor that make our American Flags. The vast majority of the American public prefer their flags made in the U.S.A.

- Sewn into every stripe is **OUR PLEDGE TO PROTECT FREEDOM**

Our American Colors**

Why Bob started Bob's Flags and Banners

As a twenty-year U.S. Army Veteran I am saddened when I find cheap and badly made American flags for sale that have been tacked together in a foreign land. For many reasons this is not right, so I

started this web site with the firm belief that we Americans should be able to purchase quality American flags made in the United States by skilled American workers.

American Flags

As a reseller, Bob's Flags and Banners represents the very best flag manufacturers in the United States: Annin Flagmakers, Eder Flag Manufacturing Company and Valley Forge Flag Company. We are proud to sell their high quality flags, banners and accessories.

Our residential and commercial outdoor flagpoles are also U.S. made, but smaller flagpoles, some hardware and other associated devices may not be made here. We always try to procure our products from U.S. manufacturers.
